THE PRINTABLE PARTY GAME

Word Twins!

Find your word twin and score big!

3–8+ players | Ages 8+ | 20–40 min

Earth & Wonder

Welcome to the Party!

Everything you need to print, cut and play.

Thanks for choosing **Word Twins!** It's the quick, laugh-out-loud word game where everyone sees the same word with a blank and secretly writes one word to finish it. The goal? Match exactly **one** other player. Play it at birthday parties, family game nights, sleepovers, classrooms, road-trip stops, holidays, or any ordinary Tuesday.

What's included

- Easy 2-page rulebook with an example round
- Score Tracker Board (race to 25!)
- 8 cut-out player tokens
- Matching card backs
- Quick-reference scoring cards (4 per page)
- Player Answer Sheets (2 per page, laminate for dry-erase)
- 120 Word Cue cards + 6 Write Your Own cards

You'll also need

Scissors · A pen, pencil or dry-erase marker for each player · Card stock (optional, for sturdier cards)

Printing tips

Print at "Actual size" or 100%. Don't choose "Fit to page," or your cards will shrink.

Use card stock for the cards. 65–110 lb (176–300 gsm) card stock makes cards easy to shuffle. Regular paper works too.

Double-sided cards (optional). Print the card fronts, then flip the stack and print the card back page on the reverse. Do a test page first, as every printer feeds differently.

Low-ink design. Pages use white backgrounds and light colours, so they're quick and affordable to print at home.

Make it last. Laminate the answer sheets and score tracker, or slide them into sheet protectors, and use dry-erase markers.

Cutting tip: cut along the dotted lines. A paper trimmer makes it fast, and it's a great job for little helpers with grown-up supervision.

How to Play

Rulebook · Part 1

PLAYERS	AGES	TIME	GOAL
3 to 8+	8 and up	20–40 min	25 points

Objective

Be the first player to reach **25 points** by writing words that match exactly one other player.

Setup

1. Cut out the Word Cue cards, shuffle them and place the deck face down in the middle of the table.
2. Give each player an answer sheet and a pen or dry-erase marker.
3. Place the Score Tracker where everyone can reach it. Each player puts a token on **START**.
4. Choose a first Reader. The player who most recently ate a snack goes first!

Each round

1 **DRAW**
The Reader flips the top card and reads it aloud, for example: "SNOW ____."

2 **THINK**
Everyone, including the Reader, secretly writes **one word** to fill in the blank. No talking, hinting or peeking! For an extra challenge, set a 30-second timer.

3 **REVEAL**
When everyone is ready, all players reveal their words at the same time.

4 **SCORE**
Score points based on who matched (see Scoring) and move your token along the tracker.

5 **PASS**
The player to the Reader's left becomes the new Reader. Keep playing until someone reaches 25 points.

Scoring & Winning

Rulebook · Part 2

3 POINTS — **Your word matches exactly ONE other player**
A perfect pair!

1 POINT — **Your word matches TWO OR MORE other players**
A crowd. Too obvious!

0 POINTS — **Nobody else wrote your word**
A lone thinker. Too creative!

What counts as a match?

- **Small spelling slips still match.** “Chocolate” and “choclate” count.
- **Singular and plural match.** “Ball” and “balls” count.
- **Joined or spaced words match.** “Cupcake” and “cup cake” count.
- **Different words don’t match**, even if they mean the same thing. “Sofa” and “couch” are different.
- **It must make sense.** If the group agrees an answer is nonsense, it scores 0.
- **Can’t agree?** The Reader makes the final call.

Example round: SNOW ____

Ava	Ben	Cleo	Dev	Ella
MAN	BALL	MAN	BALL	MAN
+1 point	+3 points	+1 point	+3 points	+1 point

Ben and Dev both wrote BALL, so they matched exactly one other player and each earn **3 points**. **Ava, Cleo and Ella** all wrote MAN, which was too obvious, so they each earn **1 point**. If Dev had written FLAKE instead, Dev and Ben would each score 0.

Winning

The first player to reach **25 points** wins! If more than one player reaches 25 in the same round, the highest score wins. Still tied? Play another round with just the tied players.

More ways to play

Teams (9+ players): teams of 2–3 agree on one word together. **Quick game:** play to 15 points. **Speed round:** 10 seconds per card. **Little ones:** whisper your word to a grown-up instead of writing it. **Write Your Own:** use the blank cards for family names and inside jokes.
